Honorable William J. Casey
Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Bill:

Attached are procedures I have approved to govern CIA activities within the United States. As written, these procedures are consistent with relevant law and the policy choices reflected in Executive Order 12333.

As you know, these procedures permit the CIA to conduct significant new activities under authorities granted the Agency by the Executive Order and require that those activities, to a large degree, be coordinated with the FBI. For your information, because of my responsibilities as chief law enforcement officer and for supervision over FBI activities, I will be requesting the FBI to keep me fully apprised of these activities as they are brought to the Bureau's attention. This requirement is reflected in the new CIA procedures and will allow us to better assess the manner in which the new authorities and the coordination system are being implemented.

I understand that upon our joint approval CIA will furnish the procedures to the Senate and House Intelligence Committees and that they will become effective in seven days. Upon your approval, please provide this Department with an executed copy of the procedures.

Sincerely,

Bill

William French Smith
Attorney General
